SUBJECT INDEX

Abuse
  and self-perception of rural Mexican-American and white adolescents, 12-18
Adolescents
  abused, effect on self-perception, in rural Mexican-Americans and white, 12-18
  screening and predicting depression in rural settings, 3-11
Advanced practice psychiatric nursing
  merging of psychiatric nurse practitioner and clinical nurse specialist roles, 111-116
  preparing psychosocial nurse practitioners for health care delivery, 227-231
  proposed credentialing exam for psychiatric nurse practitioners (Editorial), 225-226
  role diversification in education of, 248-260
  see also Clinical nurse specialist *and* Psychiatric nurse practitioner
Advocacy
  and managed care (Editorial), 65-66
Aggressive behavior
  in cognitively impaired nursing home residents, and related factors, 170-178
Alcohol problems
  self-resolution of, 212-220
Alzheimer's disease and related dementias
  depression in family caregivers of persons with, 80-88

Beck's cognitive theory
  depressive cognitions and psychosocial functioning, 286-293
Breast cancer
  psychosocial issues associated with increased risk of, 127-136
Bulimia nervosa
  development/clinical testing of outpatient program for women with, 179-191

Cancer risk
  psychosocial issues associated with increased breast and ovarian, 127-136
Caregivers, family
  intervention for depression in, from caring for persons with dementia, 80-88
Certification, advanced practice
  for psychosocial nurse practitioner degree, 231-232
  proposed exam for psychiatric nurse practitioners, 225-226
Certified specialist degree
  trends in psychiatric/mental health nursing education, 67-73
Clinical nurse specialist
  merging of roles with psychiatric nurse practitioner, 111-116
  role diversification in education of, 248-260
  see also Advanced practice nursing
Codependency
  in male and female helping professionals, 97-103
  questioning assessment tool for (Letter), 105-106
Cognitive impairment
  aggressive behavior in nursing home residents with, and related factors, 170-178
Cognitive therapy
  testing Beck's cognitive theory for depression, 286-293
Community care
  for rural consumers with serious mental illness, 19-29
  service-learning in undergraduate psychiatric/mental health nursing course, 261-268
Community support system
  predicting continuity of care after discharge from state hospital, 279-285
Comorbidity, psychiatric patients with
  expanded curriculum on, for psychosocial nurse practitioner program, 227-233
Computer-assisted therapy
  potential of, 303-310
Conceptual analysis
  of denial, 311-320
Continuity of care
  after discharge from state hospitals, 279-285
Coping
  with war, testing model of family stress and, in Lebanese families, 192-203
Correctional facilities
  criminalization of people with mental illness (Editorial), 277-278
Countertransference
  lived experiences of, in psychiatric/mental health nursing, 321-329
Covenant, nurse-patient (Letter), 156
Credentialing
  opinions on proposed exam for psychiatric nurse practitioners (Editorial), 225-226
Criminalization
  of people with mental illness (Editorial), 277-278
Critical pathways
  in caring for schizophrenic patients in mental hospitals, 145-153
Cultural diversity
  multiculturalism in psychosocial nurse practitioner program, 234-239
Curriculum, in psychiatric nursing programs
  expanded, in psychosocial nurse practitioner program, 227-233

Demands of illness
  personal and social, related to depression, 294-302
Dementia
  depression in family caregivers of persons with, 80-88
Denial
  conceptual analysis, 311-320
Depression
  adolescent, screening and predicting in rural settings, 3-11
  interventions for, in family caregivers of persons with dementia, 80-88
  personal and social illness demands related to, 294-302
  social support in patients with treatment-refractory, 89-96
  test of Beck's cognitive theory, 286-293
Developmental task achievement
  and learned resourcefulness in healthy older adults, 41-47
Disasters, man-made
  testing model of family stress and coping during war in Lebanon, 192-203
Discharge, from state hospital
  predicting continuity of care after, 279-285

Diverse patient populations
multiculturalism in psychosocial nurse practitioner program, 234-239
Drugs, psychoactive
and aggression in nursing home residents, 170-178
suitability of US-PDI leaflets on, for urban patients with limited reading skills, 204-211

Eating disorders
bulimia nervosa, development/clinical testing of outpatient program for, 179-191
Education, in psychiatric nursing
advanced practice nursing
innovation and responsibility in (Editorial), 225-226
psychosocial nurse practitioner program
incorporating standardized patients into, 240-247
multiculturalism in, 234-239
preparation for health care delivery in, 227-233
role diversification in education of, 248-260
trends in psychiatric/mental health graduate programs, 67-73
staff training decreases use of seclusion and restraint, 269-271
undergraduate nursing
community service-learning in psychiatric mental health nursing course, 261-268
students' stress in psychiatric clinical experiences, 74-79
Education, patient
suitability of US-PDI psychotropic drug leaflets for patients with limited reading skills, 204-204
Elderly
aggressive behavior in nursing home residents, and related factors, 170-178
utilization of mental health services among rural, 30-40
see also Older adults
Encounter, therapeutic
and Heideggerian view of person, 137-144

Family caregivers
intervention for depression in, from caring for persons with dementia, 80-88
Family stress
testing model of coping and, during war in Lebanon, 192-203
Farhood model
of family stress and coping during war, by Lebanese families, 192-203
Functioning, psychosocial
and depressive cognitions, as test of Beck's cognitive theory, 286-293

Genetic testing
psychosocial issues associated with increased breast and ovarian cancer risk, 127-136

Happiness
focusing on the positive (Editorial), 109-110
Heideggerian view, of person
and the therapeutic encounter, 137-144, 137-144
Hospitals, psychiatric
staff training decreases use of seclusion and restraint in acute, 269-271
use of critical pathways in caring for schizophrenics in, 145-153
state, *see* State hospitals, psychiatric

Illiteracy
suitability of US-DPI psychotropic drug leaflets for urban patients with, 204-211
Illness demands
personal and social, related to depression, 294-302
Imperative to care (Letter), 156
Interventions, nursing
to decrease depression in family caregivers of persons with dementia, 80-88

Jails
increase in people with mental illnesses in (Editorial), 277-278

Leaflets, with drug information
suitability of for urban patients with limited reading skills, 204-211
Learned resourcefulness
in healthy older adults, 41-47
Lebanon
testing model of family stress and coping during war, 192-203
Literacy
suitability of US-DPI psychotropic drug leaflets for urban patients with limited, 204-211

Managed care
and advocacy (Editorial), 65-66
Master's degree programs
trends in psychiatric mental health (PMH) programs, 67-73
Mental health services
utilization of among rural elderly, 30-40
Mental illness
criminalization of people with (Editorial), 277-278
see also Serious mental illness
Merged roles
of psychiatric nurse practitioner and clinical nurse specialist, 111-116
Mexican-American adolescents
effects of abuse on self-perception of rural, 12-18
Multiculturalism
nurturing of, in psychosocial nurse practitioner program, 234-239

National Alliance for the Mentally Ill (NAMI)
report on convention, 1-2
report on criminalization of people with mental illness (Editorial), 277-278
Noise levels
ambient sound levels in state psychiatric hospital, 117-126
Nurse practitioner, psychiatric
merging of roles with clinical nurse specialist, 111-116
opinions on proposed credentialing exam for (Editorial), 225-226
preparation of, for health care delivery, 227-233
role diversification in education of, 248-260
trends in nursing education, 67-73
see also Psychosocial nurse practitioner
Nurse-patient covenant (Letter), 156

Nurses, psychiatric
lived experiences of countertransference in, 321-329
role as advocates in managed care (Editorial), 65-66
Nursing home residents
aggressive behavior in cognitively impaired, and related factors, 170-178
Nursing, psychiatric/mental health
education in, *see* Education, psychiatric nursing
future of advanced practice, 111-116
in state hospitals, meanings of
coping and making meaning, 55-80
facing challenges, 48-54

Older adults
developmental task achievement and learned resourcefulness in healthy, 41-47
see also Elderly
Outpatient programs
for women with bulimia nervosa, development/clinical testing of, 179-191
Ovarian cancer
psychosocial issues associated with increased risk of, 127-136

Patient education, *see* Education, patient
Person, Heideggerian view of
and the therapeutic encounter, 137-144
Prisons
increase in inmates with mental illness (Editorial), 277-278
Professionals, helping
codependency in male and female, 97-103
Psychiatric/mental health graduate-nursing programs
trends in, 67-73
see also Education
Psychiatric nurse practitioner, *see* Nurse practitioner, psychiatric
Psychiatric nursing, *see* Nursing, psychiatric *and* Advanced practice psychiatric nursing
Psychoactive drugs
aggressive behavior in nursing home residents, 170-178
suitability of US-DPI leaflets on, for urban patients with limited reading skills, 204-211
Psychosocial issues
associated with increased breast and ovarian cancer risk, 127-136
Psychosocial nurse practitioner program
incorporating standardized patients into, 240-247
nurturing educational multiculturalism in, 234-239
preparation for health care delivery in, 227-233
see also Nurse practitioner, psychiatric

Reading skills, limited
suitability of US-DPI psychotropic drug leaflets for urban patients with, 204-211
Research participants
in studies on sexual violence, emotional impact on, 161-169
Resourcefulness, learned
in healthy older adults, 41-47
Resources, family
during war, testing model of family stress and coping by Lebanese families, 192-203
Restraints
aggressive behavior in nursing home residents, 170-178
staff training decreases use of in acute psychiatric hospital, 269-271
Rural settings
abuse and self-perception of Mexican-American and white adolescents, 12-18
care provision and community adjustment for serious mental illness, 19-29
screening and predicting adolescent depression in, 3-11
utilization of mental health services by elderly in, 30-40

Schizophrenic patients
use of critical pathways in caring for, 145-153
Screening
and predicting adolescent depression in rural settings, 3-11
Seclusion
staff training decreases use of in acute psychiatric hospital, 269-271
Secured units
aggressive behavior in nursing home residents, 170-178
Self-perception
effect of abuse on, in rural Mexican-American and white adolescents, 12-18
Self-resolution, of alcohol problems
as process of investing in self, 212-220
Serious mental illness
care provision and community adjustment of rural consumers with, 19-29
SERPN News, 61-62, 104, 154-155, 221-222, 272-273, 330
Service-learning
community, in undergraduate psychiatric/mental health nursing course, 261-268
Sexual violence
emotional impact on participants in research on, 161-169
Social support
in patients with treatment-refractory depression, 89-96
Sound levels
ambient, in state psychiatric hospital, 117-126
Staff training
and decreased use of seclusion and restraint in acute psychiatric hospital, 269-271
Standardized patients
incorporation of into psychosocial nurse practitioner program, 240-247
State hospitals, psychiatric
ambient sound levels in, 117-126
meanings of nursing in
coping and making meaning, 55-60
facing challenges, 48-54
predicting whether patients receive continuity of care after discharge from, 279-285
Stress
ambient sound levels in state psychiatric hospital, 117-126
of war, testing model of coping in Lebanese families, 192-203
students', in psychiatric nursing clinical experiences, 74-79
Students, undergraduate nursing
stress in psychiatric nursing clinical experiences, 74-79
Substance abuse
in psychiatric patients, preparing psychosocial nurse practitioners to deal with, 227-233, 234-239

Support system, community
predicting continuity of care after discharge from state hospital, 279-285

Therapeutic encounter
Heideggerian view of person in, 137-144
Training, staff
and decreased use of seclusion and restraint in acute psychiatric hospital, 269-271

Undergraduate nursing education
community service-learning in psychiatric/mental health nursing course, 261-268
students' stress in psychiatric nursing clinical experiences, 74-79
United States Pharmacopoeia Dispensory Information (US-DPI)
suitability of psychotropic drug leaflets for urban patients with limited reading skills, 204-211

Urban settings
suitability of US-DPI psychotropic drug leaflets for patients with limited reading skills, 204-211

Violence
sexual, emotional impact on participants in research on, 161-169

War
testing model of family stress and coping among Lebanese families, 192-203
Women's health
bulimia nervosa, development/testing of outpatient program for, 179-191
codependency in male and female helping professionals, 97-103
psychosocial issues associated with increased breast and ovarian cancer risk, 127-136
questioning codependency assessment tool (Letter), 105-106
